PRODUCT DATA SHEET

REFRESH™

Evaporative Cooler, AC Humidifier Treatment

Description

Refresh™ Tablets eliminate growths and odors in evaporative coolers, humidifiers, and air conditioners, thereby improving efficiencies and reducing maintenance and power costs. Refresh Tablets are EPA-Registered, self-metering dosage tablets which are added directly to reservoirs or drain pans.

Applications

One tablet for up to 30 gallons of water. Will inhibit the growth of odor causing bacteria and combat stale water odors and keep drain pans clean preventing condensate pan overflow due to drain line blockage.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

When used as directed REFRESH will inhibit the growth of odor causing bacteria and combat stale water odors and keep drain pans clean preventing condensate pan overflow due to drain line blockage. For up to 30 gallons of water, start treatment by dropping 1 tablet into humidifier reservoir, evaporative cooler reservoir, or drain pan of air conditioner. Apply 1 additional tablet every 3 months or whenever odors occur. Treatment may be more effective if drain pan or reservoir is emptied and cleaned before each tablet application.

Characteristics | Features

- Prevents build-up of biofilm
- Inhibits odor causing bacteria
- EPA-Reg: #51219-7
- Slow dissolving
- Self-metering
- Reduces maintenance and power costs
